Ever After: A Cinderella Story (1998) - IMDb

After a few chance encounters with the crown prince (who falls in love with her), Danielle finds herself on a collision course with her family who have royal designs of their own. Shot on location in France, the dialogue often veers very close to preachy, but knows when to cut the politics and return to the story. And a good story it is, well acted by Drew Barrymore as Danielle, and Angelica Huston as the wicked stepmother. This one is worth the rental.
