[Canon PowerShot ImageBrowser - download.enet.com](#) I guess nobody told Canon that black backgrounds with grey print are terribly unfriendly for users. The stupid software won't recognize my camera and is generally a pain to use.

[Install Canon camera software without the CD](#) Note that you can use a CD from an older Canon camera. If the software will install then you just need to get an updater from the Canon web site, which will update the software to the new version.
